2000 Citroen Saxo VTR 1.6 petrol

Only 81,000 miles  
MOT - 17th May 2025  
HPI clear  
Classic insurance

fully recommissioned this year - timing belt, water pump, rocker cover gasket, spark plugs, oil & filter, fresh oil, fresh brake fluid, fresh coolant, new battery, new clutch, 4 new tyres, wheels refurbished, drilled and grooved discs all round, new pads, front struts and shocks, drop links, track rod ends and more

Rare bit of automotive nostalgia here folks, with only 653 left registered in the UK! This little car is a proper trip down memory lane and it's a reminder of what cars were all about and what they should be about, raw driving with no OTT driver aids, front wheel drive, light as a coke can, point and squirt and have fun!

For 25 years old it is in more than presentable condition. It's certainly not as new nor is it concourse but I'm not advertising it as such, nor have I priced it as such. I think this is fairly priced for an honest example that's HPI clear, never written off and still sports its original paint!
